Amazon.com: Leslie Sansone. TV. In early July, Leslie Sanson's book "I, Jessica" was published in the United States, which became a bestseller according to Amazon.com and brought her worldwide fame. The book talks about what it's like to be a model and how it affects your personal life. And also about how to become a model. The book contains interesting stories about how various commercials for TVs and computer games were created, as well as how girls themselves create commercials for advertising.
