After seeing this released a few years later, I was blown away and couldn't believe my eyes. No tutorial. I loved it" Emma Geschrieben von Chloe 5.00 von 7 warmen herzens Saturday, 9. September 2014 Loved the one on one on one gameplay. You play as the German forces and have so much fun playing it alone, I wish there was more games like this. Geschrieben von muskhi 5.00 von 7 warmen herzens Saturday, 13. September 2013 I love that you can pick where you want to go. You are able to decide which upgrades you want to get from the beginning of the game. I also really like how you can turn on/off the music and voice chat (I use it). Geschrieben
